Excelsior — Unparalleled softness

The ultimate in luxury and comfort. Once you experience the softness of Excelsior, you'll never want to leave home. With Jacobsen Excelsior Soft Touch cut pile carpet you no longer have to choose between value, style and function.

Made in Belgium, this luxurious carpet is designed to give you the best of everything. It has been constructed to be incredibly soft as well as utilising the best carpet manufacturing technology to create a carpet that is durable, won't pill, fade or stain. You will want to take your shoes off the moment you walk through the door just to experience the luxury of this special range.

The extra-heavy-duty residential use rating, means Excelsior carpet is an excellent choice for high-traffic areas such as living rooms, hallways, and entryways, as it can withstand the wear and tear that comes with frequent foot traffic, as well as being specifically designed to be suitable for stairs.

Made from piece-dyed nylon, and continuous filament yarn construction, Jacobsen Excelsior Soft Touch cut pile carpet is easy to maintain, won't pill or shed and because of the unique dyeing process and fibre make up, it is both fade and stain resistant making it a practical choice for busy households.

With a range of eight trendy colours to choose from, you will be able to find the perfect match for your style. Jacobsen Excelsior Soft Touch cut pile carpet is an excellent choice if you want a luxurious, comfortable, and durable carpet that can withstand the demands of daily life.
